January 10, 2013

Dear Members of the B.C. Neuroscience Community,

The 36th annual **B.C. Neuroscience Day** will be held on Friday, March 1, 2013 at the Paetzold Auditorium at Vancouver General Hospital, beginning at 9:00 am.

This year the presentations will include the following:

1. Invited speakers giving expert talks on a variety of neurological fields,
Prof A. Gorji from Wilhelms University, Germany
Dr. A. Traboulsee from UBC MS Research Clinic
Prof W. Tetzlaff from iCORD
2. The annual P.D. Moyes Lecture will be given by:
Mr. William Harkness, Senior Pediatric Neurosurgeon, Great Ormond Street
Hospital, London, UK
3. The 8th annual Ken Berry CPC and
4. Resident research presentations in both neurology and neurosurgery.

The registration fee will be the same as last year: \$35 for physicians and \$15 for non-physicians. This will include refreshments during the meeting and a luncheon. Please send cheque made out to "B.C. Neuroscience Day" to my office at 8105, 2775 Laurel St, Vancouver, V5Z 1M9. This will avoid congestion at the registration desk on the day of the meeting.

We expect this event will be an accredited group learning activity (6 hours Level 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

Hope to see you there,

Chris Honey
Chairman, B.C. Neuroscience Day Committee
